ANOTHER CITIZEN CASTS NEW LIGHT ON AGITATION FOR REMOVAL OF PARK

Suggests that Portion of Park be Reserved and Balance
Thrown Open for Pasture for Cattle — Thinks
This would Solve the Problem

Editor Star,
Dear Sir—
Having read with interest the various articles and letters appearing from time to time in your paper re the removal of the Buffalo Park and throwing open the Buffalo Park for homestead entry, allow me to make a suggestion through the medium of your paper that I think would solve the problem satisfactorily to all parties and prove a boon and a blessing to our town.

I would suggest that instead of removing the buffalo, we petition the Government to build a cross fence and enclose enough land to graze, say fifteen hundred head. I would leave the small park with its deer, etc. just as it is but cut down the buffalo in the small park to about half the number that are there now. That would leave our town just as attractive to tourists as it now is. The balance of the large park I would utilize in the following manner.

Let the Government keep up the fences, five guards across at present and allow anyone who wished to turn horses and cattle at large in the park for the summer, and charge say one dollar per head for each animal, put on a limit as to the number of head anyone person was to turn in, two, three or five hundred head, according to the amount of stock that was forthcoming, let the Government keep an inspector at the gate to keep account of the stock turned in, brands etc. and collect the fees, do not allow any but pure bred sires at large and have all stock bear a registered brand. This I think would be the making of our town—I believe all the stockmen in the district would be glad to take advantage of this opportunity and turn in all the stock they owned.

As things are at present it is very difficult to run a small bunch of stock anywhere in the neighbourhood of Wainwright, owing to one wire fence, homesteaders, small dabs of poorly fenced crop, and dogs, and a large bunch of worse

still. If there was only such a place as the Buffalo Park where people could run a bunch of stock unmolested everyone who could raise the price of a cow would be a stockman, most of our business men would be stockmen, and Wainwright would be a stock town, and everyone knows the difference between a stock country and a farming country; in a stock country everyone has a dollar and in a farming country they only have a dollar about once in five years.

If the business men and others had a place to run stock in the summer they could get the farmers to winter them, (and how many farmers are there in this neighbourhood who would think it a Godsend to have a bunch of stock for the winter and get four or five dollars per head for it in the Spring?) This to a great extent would solve the problem as to what the farmers are to do with their low grade grain. (And how many loads of grain have been hauled to town and found no market at any price this winter?)

Wainwright would become one of the largest shipping places for stock in the Province and in the "Fall", there would be a regular "stampede". Some people advocate the throwing open of the Park for homestead entry. I say keep the Park, keep the Buffalo, and get the cows. Eight head of cows in my humble opinion beats one homesteader, that is one cow to twenty acres, and I believe eight head of cows would prove of more benefit to the town and surrounding country, than the average homesteader. If the town requires more farming territory let it turn its attention to the thousands of acres of good farming land that lie right adjacent to it and get it producing.

I think most of the farmers in this country tributary to Wainwright are beginning to realize that they started in wrong by going in for straight farming, and if, instead of put-

ting all their money into farm implements and high priced horses, they had put it into live stock, they would have been a far more prosperous and contented community. One contented and prosperous settler is as good as ten discontented settlers.

If the Park was thrown open there is no doubt but that most of it would be taken up in a short while, and that there would be quite a little money brought into the town, but it would be only for a very short time, then, when our new settlers had spent what they had brought with them they would get head over heels in debt to the machine men and mortgage companies, and the town would not be any better off than before. What little money the settlers were able to scratch off their new farms would all be collected by machine men, mortgage companies, Banks, etc. and shipped East, whereas if the Park was utilized as I suggest the benefits would be permanent, they would be cash, and the cash would be right here in the district.

Personally I would be very sorry indeed to see the Buffalo removed, but I would be more so to see all that good range spoiled by homesteaders who are just here for what their homesteads will be worth three years after they have fled on them.

I am afraid Mr. Editor that this will take up valuable space if you see fit to publish it at all, but I could go on writing in the same strain if it would do any good. It is an easy matter to figure the amount of stock the Park would carry at eight head per quarter section, and I figure there is range for four or five thousand head beside the buffalo.

Hoping my suggestion will meet with favorable comment from your readers.

Yours faithfully,
Another Citizen.

Rev. Thos. Philips, who has been under the weather with a gripe for the past two weeks, is improved and although still indisposed was able to hold service in the Methodist Church on Sunday evening.

Rev. A. Russell, pastor of the Presbyterian Church here, was elected an executive member of the Moral Temperance Reform League at Edmonton last week.

Mr. W. H. Kemp will open a blacksmith shop here in the spring. Mr. Kemp purchased lots 12 and 13 three months ago for this purpose.

Mr. M. E. Henry will open a boot and shoe and staple dry goods store in the south store of the Alberta Block, Main St., on or before April 1st.

PETITION TO OUST BUFFALO

A printed petition, which it is hoped, will lend its assistance towards the ultimate removal of the buffalo park from Wainwright. The businessmen of the town will be approached first, after which farmers, who consider this reserve a common evil, will be asked to affix their names. Where the petition will be kept is unknown at this time. Announcements in this respect will be made through these columns at a later date.

G. T. P. LEAGUE ABOUT ALL IN

And with Holden and Ryley to Finish It End is in Sight

The G. T. P. Hockey League, in which Wainwright was originally included is "about all in", according to the Tofield Standard. Viking, it seems, has also been cut out of the league by being suspended for the season for playing against Tofield. Ryley and Holden are now left to compete for the Duplessis Trophy and the brand of hockey the towns have put up here would go to prove that the Standard is not far astray when it says that the league "is about all in".

AT HYMEN'S ALTAR

HACKER - MORGAN

On Tuesday, February 4th, at the Presbyterian Manse, Saskatoon, Mr. Fred Hacker, of this town was quietly united in marriage to Miss Florence Morgan, of Midland, Ont., by the Rev. Wiley Clark. The ceremony was performed in the presence of a few friends of the contracting parties, who reside in Saskatoon.

The happy couple arrived here on Saturday last and were met at the depot by a large number of the groom's friends. They will reside at the Park Hotel, of which Mr. Hacker is one of the proprietors. Local friends will join with the STAR in wishing the happy couple many years of prosperity and happiness.

Mr. R. S. Hinton, Manager of the Merchants Bank at Edmonton, was a visitor in town yesterday. Mr. Hinton recently returned from a holiday to his home town in Ontario.

Amid the usual pomp and ceremony at such an occasion, the Alberta Legislature was opened yesterday afternoon by Lieut-Governor Bulyea. Several local people were present at the opening.

Mrs. M. E. Henry, who has been visiting her sister, Mrs. Thomas Harrison, of Calgary, returned here last week.

Mr. Ed. Ripley, the well known machine traveller, who was stationed here at one time, was a visitor in town this week on business.

An editor was missing when a friend hailed him. "By the way, I saw several mighty good things in your paper yesterday." "I'm glad you liked them," replied the editor beaming with satisfaction. "It always helps an editor to find out what his readers like. What were the articles you liked?" "The articles were three mince pies wrapped up in your yesterday's issue."

J. F. DIEFENBACH TO ESTABLISH BIG MILL IN SASKATOON CITY

Local Mill Man Signs Agreement to Build Flour Mill of 1,000 Barrels

PLANT TO COST \$100,000

Agrees to Start Building Not Later than Middle of April

While in Saskatoon last week Mr. J. F. Diefenbach, manager of the Wainwright Milling Company, signed a contract with the Saskatoon Industrial League for the establishment of a flour mill of 1,000 barrel capacity, the building to be completed about April 15th, and started for the 1913 crop.

In an interview with Mr. Diefenbach, the Saskatoon Star, in part, says—

This will be the third mill that Mr. Diefenbach has built, the first being that at Lormore, which is of 600 barrel capacity; the second last year at Wainwright, Alta., and the one here will be the best. It is his intention to erect a 20,000 bushel elevator, a five-story mill and a flour warehouse, the whole covering some two acres of ground, that will be located on the Industrial League track-again. The mill will be run by electricity entirely and will be built large enough to contain machinery of double the capacity that it will be originally fitted with, or in other words will be planned to eventually become a 2,000-barrel mill. The machinery that will be installed will be a complete Allis-Chalmers mill.

EXPERIENCED MEN
Mr. B. R. Sheffield, of Minneapolis, and Mr. C. H. Mohr, the latter an expert in the milling business of some 35 years' experience, are partners with Mr. Diefenbach, who has himself put in 22 years in the business, and his success at Lormore and Wainwright makes him confident of his Saskatoon venture. Of the flour manufactured at Wainwright nothing but praise is received, says Mr. Diefenbach, and he was paid a high compliment by the Saskatoon bakers, who were supplied with samples from a 100-pound sack that he sent to Mr. Bell, who in turn divided it among the local bakers, the latter saying that they had never utilized better flour for baking purposes.

METHODIST CHURCH NOTES
Next Sunday, the Rev. T. C. Bushanan, superintendent of Missions of Alberta for the Methodist Church, will preach morning and evening. His ability and long and varied experience in mission work will warrant a large attendance. Prayer and Bible study every Tuesday evening at 8 o'clock.

TEAM FOR TOWN'S USE
Mayor Lally and Com. Bowerman have been very busy for the past few days and have given the greater part of their time and attention to looking over different teams which have been offered for sale to the town. No decision has been arrived at as yet.

CHINAMEN WON THE SCRAP
No small amount of excitement and a rough house in general was witnessed at the Chinese Restaurant on Second Avenue on Monday night. From the mixup, which arose, the Orientals came out victorious to the disfigurement of a well-known farmer's physiognomy.

To expect a single advertisement to pay is as foolish as to hope to grow fat from the effects of one dinner.

TRUSTEES DAWSON CUP HOLD MEETING

Decide to Offer it for Competition Next Year

A meeting of the trustees of the Dawson Hockey Cup was held on Friday evening last, when it was decided to leave competition for the cup over until next year. Mr. Dawson, the donor of the handsome piece of silverware, was present at the meeting and couldn't understand why the cup had not been competed for this season. The unsettled state of affairs in hockey circles was the only reason given why this was not done.

The trustees, Messrs. W. J. Munson, C. T. Lally and W. E. Washburn, decided that, in view of the lateness of the season, nothing could be done until next winter, when the cup will be offered for competition.

LADIES LOST GAME

Met Defeat at Hands of Tofield

Ladies Last Night by 4-2 Score

The ladies' hockey team was at Tofield yesterday and last night played against the female hockeyists of that town. The score which came over the wire last night, spelled defeat for the local ladies, for it was given as 4-2 in favour of Tofield. A large number of supporters journeyed to the gas town and attended the opening of the new Royal Alexandra Hotel.

GARDEN BUSINESS TRANSFERRED

Mr. Harry J. Piffet, who has conducted the Club Shaving Parlour for the past year or more, leaves today for Edmonton, where it is probable he will locate. Mr. Piffet transferred his business to Mr. William Isted, the deal being consummated on Monday. The purchase price is said to be in the vicinity of \$1,000.

It is rumoured in business circles that a Farmers' Trading Company is being formed in the town. Nothing definite has been announced in this respect, although it is known that such a movement is afoot.

WILL CANDIDATE FROM THIS TOWN BE NAMED?

Liberal Association will be Re-organized on Friday Evening

The Battle River Liberal Association, with headquarters at Wainwright, will hold its annual meeting in Washburn & Mills' hall on Friday evening next, when officers for the year will be elected. This association was formed in 1909 and Mr. H. Y. Pawling has been president and Mr. M. A. Harpell, secretary, ever since.

It is intimated, and those who say it claim to know, that a candidate for the Alexandra district will be nominated from this part of the riding in the very near future.

W. G. W. FORTUNE RESIGNS POSITION IN REFORM LEAGUE

After Being Abused by Those with Whom He Worked Secretary Gratuitous for Coffin Bouquets

Field Secretary W. G. W. Fortune, of the Alberta Moral and Temperance Reform League resigned his position at the annual session of the league held at Edmonton last week. His successor has not yet been appointed. In resigning, Mr. Fortune did not say his many accusers, and among them moral reform people, for their vicious attacks on his reputation.

In resigning from his position, Mr. Fortune said in part, "We ought," said he, "to send flowers to our friends when they are living and not place them on their coffins when they are dead. I have labored for five years as secretary to the very best of my ability. There have not been very many bouquets handed to me in that time, but I thank you now, when officially I am dead, that you are willing to put a few flowers on my coffin."

WAINWRIGHT ALTA., WEDNESDAY, FEBRUARY 12 1913

AND now it is said that no matter how hard the residents of the Wainwright district try they can never hope to accomplish their aims in the removal of the buffalo. Ottawa authorities, it is claimed, have paid no attention to the agitation as far as it has gone, and will continue to assume the same attitude. In other words, certain citizens, and among them ardent opponents of the buffalo, argue that there is no justice, no recourse in this great evil.

The STAR differs with those who argue along this strain. Nothing is impossible in a case of this kind. Can it be that the federal government is blind when the rights of Canadians are at stake? Surely there is justice somewhere and if there is none at Ottawa, then where can it be? Representatives of the Canadian people are not so utterly ruthless as to refuse consideration in a matter of this kind. If they are, the condition of affairs demand a house-cleaning and representatives, who will persist in disregarding the requests of such a large number of electors as is represented in this agitation, deserve the sudden shock of being thrust into the cool shades of private life.

It is not the opinion of the STAR that the agitation will not be recognized. But before it is recognized stronger steps must be taken than are being pursued at present. When the residents in and around Yorkton, Sask. set out to rid themselves of the Donkeybush, who made times so unpleasant for them, they did it, but not before a deputation was sent to Ottawa armed with a petition. Preliminary steps should be taken to circulate a petition here.

CITIZENS are prone to underestimate the value of a live fire brigade to the town and, although for the past four years Wainwright has been possessed of a splendid volunteer band of fighters, the importance of their services to the town has been realized on only one occasion. This was in June last, when Second Avenue was the scene of a conflagration, which almost swept out of existence the business houses of that section. As it was the fire loss was in excess of \$75,000 and it drove home with certainty the hard, cold fact that Wainwright could not remain without proper fire protection.

The fire brigade has been reorganized. Six firemen, who can be depended upon at all times, are now stationed in the fire hall. The equipment, which is the best of any town of this size in western Canada, is in good repair. What fear then should householders have if they safeguard themselves primarily by their precaution? The fire equipment and brigade, however capable and dependable they might be, cannot do everything. In the first place, neither can see that fires do not originate. This is the duty of the householders themselves. After the fire has started, and perhaps after much loss has taken place through sheer carelessness, the brigade starts its work.

FIRE WELLS ARE NECESSARY
 The Fire, Water and Light Committee has still another work to perform, which it owes to the town. This lies in the construction of at least two more wells at different locations in the congested areas. Coun. Snyder, who is chairman of this important committee, would be well advised to keep this matter in view and, when the warm weather sets in, stop at nothing until the council passes an appropriation for fire wells.

In the meantime, citizens must first depend on their own precaution and place dependence in the equipment and brigade to do the work in case of inevitable fires.

THE urgent need of an institution in which the sick can be cared for is something which has occupied an important place in the minds of all citizens for the past year or more, and in fact ever since the village was evolved into a town. An agitation for a municipally hospital is now afoot and important and influential organizations have allied themselves with the movement. The board of trade has recommended action in this direction. A union among the women of the town has been formed with no other object in view than the ultimate establishment of a hospital. A sum, not to be despised, has already been raised by the willing workers to aid in the furnishing of such an institution.

It is now reported about town that members of the Hospital Union will circulate a petition among the residents, who, in time of sickness, will have the opportunity of taking advantage of such an institution. The petition will undoubtedly be largely signed. It should be, for it is intended that this petition will be presented to the municipal council for consideration and favourable action. It would surprise no one to find that the petition proves the unanimous expression of the people of Wainwright. The question is an important one and residents of the town will likely prove that they consider it so.

In the event of this petition being circulated and presented to the council, no alternative will be left and debentures for the amount necessary to build and operate this institution for the first year, approximately estimated at \$8,000, must be issued. Citizens should bear in mind that they can have a municipally-owned hospital if they desire it, even if their representatives on the council opposed the issue. The latter is not the case, for the majority of councillors have already expressed themselves as being favourable to the movement in question. Those who favour the construction of a hospital, should see that their names are appended to the petition when the proper time comes. The petition will serve the same purpose as a vote on a money bill.

THE local newspaper is indispensable to any town that has any get up about it. It is one of the necessities of the farmer and businessman. It puts the ball in motion when any new enterprise is proposed that would be a benefit to the town and community in which it is published. It keeps an eye on every move that is calculated to help the people. It keeps a record of the happiness of the town and surrounding country, and is read a thousand miles away by persons who are hunting a home and place to invest their money. It hypes your town and gives it a name abroad that it would not get otherwise. It points out the advantages of its town and country so that the world may see its good works. When a man gets mad, the newspaper takes its earnings meekly, but continues to howl straight to the line just the same. There are thousands of reasons why a town should support its newspaper, but the greatest of all is because it pays well to support it.

FLOUR MILLS FOR THE FARMER

Convenient Market for His Crop and a Source of Supply for the "Hired" Farmer

The rapid expansion of the milling industry in the West during the past two years has a direct bearing on the prosperity of the farmer. One of the strongest arguments for reciprocity was the fact that there were few mills in the Canadian west that could afford a farmer a ready and convenient market for his crop. In other words there was no internal market, and the advocates of the home market idea found little to support their arguments in the West two years ago. To-day conditions are changed as is shown in the following article from the financial page of a recent issue of The Globe, a paper that let in the light for reciprocity:

"It looks as if a city in the Canadian west is destined to become the greatest flour milling centre in the British Empire. This is Medicine Hat, Alberta. Milling enterprises are moving westward. Not only are the Ogilvie and Maple Leaf Milling Companies building in Medicine Hat, but new concerns are being established on a large scale in Moose Jaw and Calgary. These facts are significant. They indicate that the future of the Canadian wheat farmer is bright. The fact that the Orient and the western states are turning to the Canadian west for their flour supply is a fact that is not to be overlooked."

"It is economy that prompts the erection of these mills. It is figured that ten cents per barrel will be saved in the manufacture of flour in Medicine Hat. With large storing and milling capacity, and cheap power, the Ogilvie mill will produce 2,000 barrels per day, with provision to treble this amount in due course. This will be the company's largest mill to date. Another mill to be erected in Medicine Hat by the Maple Leaf Milling Company, will begin with a daily output of 2,000 barrels. A third mill is to be erected by the Manitoba Milling Company, arrangements having already been made. Add the project Medicine Hat Milling Company and that city will, in the near future, be producing 15,000 to 20,000 barrels per day at least.

"There is probably but one milling centre in the world with greater daily capacity, and that is Minneapolis, where something like 15,000 barrels are ground daily."

"What is true of Medicine Hat is also true of Saskatoon, Regina, Lethbridge, Calgary, Brandon, Portage la Prairie, Edmonton, Winnipeg, Stouffville and other cities in the West. The development of the milling industry is also important in connection with efforts to encourage the farmer to go into mixed farming. Large mills have ample surplus of offal which is valuable as feed in the stock raising industry. This will be readily available at low cost at convenient centres all through the West. It looks as though the reciprocity question would be answered by the expansion of the milling industry and the building up of diversified industries in the West, associated with the development of mixed farming."

BUILDING UP THE WEST

Infant Industries in the Prairie Provinces Must be Protected

The Calgary Standard says: "With out a reasonable protective tariff the plains of Alberta and Saskatchewan cannot build up industrial cities; at the best they will be only flour mills and warehouses based upon the one industry of wheat-growing. With protection, moderate protection—the national policy—the manufacturer can afford to launch out into making the many articles of domestic and industrial use for which there is a market at his door. Even Saskatchewan and Alberta are commencing to realize the value of protection. They are beginning to see that these provinces cannot become peopled with artisans and mechanics as well as farmers and ranchers except the infant industry is given a fighting chance for its life."

This view of economics is more general in the West than many people suppose. It is the only one. The West is already showing the world how its cities can manufacture. Dr. Archibald Blair gives the following statistics the last column showing the increase per cent in the value of manufactured goods.

Cities	1890-1900	1900-10	1890-10
Vancouver	163	202	695
Calgary	125	1,192	2,692
New Westminster	22	177	100

The West will not readily change a fiscal policy which produces such results.

MAIN STREET WAINWRIGHT

GETS 20 CENTS MORE A BUSHEL FOR BARLEY THAN MARKET PRICES

As a result of advice in
marketing given him through
the Canadian Pacific Railway,
Department of Natural Re-
sources, Nick Taitinger, of
Clareholm, has been able to
sell his 1912 barley crop at a
price that will net him 20 cents
per bushel above prevailing
market prices and at the same
time establish a most profitable
market for the barley crop of
his district.

A short time ago, Mr. Taitinger
submitted a sample of his
two-rowed Chevalier barley to
the Agricultural Branch of the
Natural Resources Department.
The sample, which showed the
crop to be of excellent quality,
was immediately sent to Hugh
Haid & Sons, one of the most
famous malsters in Great
Britain. The firm replied that
the barley was just the kind
they were looking for, and
offered \$1.02 per bushel, which
price after carriage is deducted,
nets Mr. Taitinger about 70
cents per bushel.

Mr. Taitinger's crop took the
championship at the last Dry-
Farming Congress and has been
in great demand, his neighbors
offering 75 and 80 cents per
bushel for seed. The whole
crop could have been disposed
of at that price, but Mr. Taitinger
is looking to the future of
the barley exporting industry
of his district. So he divided
his crop into two parts, one to
export to the malsters men-
tioned, and the other to sell for
seed in his district. With the ship-
ping connection established
through this shipment, Mr.
Taitinger expects to be able
next year to export a ship load
of mulling barley to the English
firm.

The Agricultural Branch of
the C. P. R. Department of
Natural Resources is at all times
willing to help any farmer in
the marketing of his crop. All
he has to do is to send in a
sample, about eight ounces, of
his grain, with the government
germination test. The service
is absolutely free of charge.

Town Of Wainwright Bylaw No. 44

A BYLAW TO AUTHORIZE THE ISSUE OF DEBENTURES OF THE TOWN OF WAINWRIGHT TO THE AMOUNT OF \$5000 FOR THE ADDITIONAL COSTS OF ERECTING A RINK.

WHEREAS a rink has been constructed in the Town of Wainwright.

AND WHEREAS by Bylaw Number 25 the said Town of Wainwright was authorized to borrow the sum of \$7000 for the purpose of paying the indebtedness incurred in the construction of the said rink;

AND WHEREAS the said rink cost \$5500 over and above the said sum of \$7000 raised by the aforesaid Bylaw;

AND WHEREAS in order to pay for the said indebtedness incurred in performing the aforesaid work it will be necessary to borrow the sum of \$5500 and to issue debentures of the Town of Wainwright therefor bearing interest at the rate of five and one half per cent, payable yearly, which is the amount of the indebtedness intended to be created by this Bylaw;

AND WHEREAS the amount of the whole rateable property of the said Town of Wainwright according to the last Revised Assessment Roll thereof is the sum of \$692,391.

AND WHEREAS the amount of the whole existing debt of the Town of Wainwright outside of the current expenses of the year 1912 is \$44,135 and no part of the principal or of the interest is in arrears;

AND WHEREAS it is desirable to make the principal of the said debt under this Bylaw repayable by twenty equal consecutive annual instalments together with interest annually upon all sums of principal money which from time to time remain unpaid;

AND WHEREAS it will be necessary to raise annually in each year for the period of twenty years during the currency of the debentures to be issued under this Bylaw a sum sufficient to pay the several instalments of principal and interest upon the principal from time to time remaining unpaid on the said debentures;

NOW THEREFORE THE MUNICIPAL COUNCIL OF THE TOWN OF WAINWRIGHT DULY ASSEMBLED ENACTS AS FOLLOWS:

1. The Mayor and Secretary-Treasurer of the Town of Wainwright are hereby authorized and empowered to borrow for the purpose aforesaid in the name and on behalf of the said Town a sum or sums not exceeding in the aggregate the sum of \$5500 and to issue one or more debenture or debentures of the said Town for such sum or sums so borrowed.

2. The said indebtedness and the debenture or debentures issued in respect thereof shall be made payable at the expiration of twenty years from the date of the issue of such debenture or debentures and such debenture or debentures shall bear interest annually at the rate of five and one half per cent per annum and shall be repayable in such manner that each instalment of principal and interest shall be as nearly as possible equal in each year of the period of years during which the said debentures are to run.

3. The said debentures shall be payable at the Merchants Bank of Canada in the Town of Wainwright in the Province of Alberta and shall have attached to them coupons for the payment of the said instalments of principal and interest which coupons shall be signed by the Mayor and Treasurer of the said Town of Wainwright.

4. Each of the said debentures shall be signed by the Mayor of the said Town of Wainwright or by some other person authorized by Bylaw to sign the same, and shall be countersigned by the Treasurer thereof, and the Clerk of the said Town of Wainwright shall attach thereto the corporate seal of the said Town of Wainwright.

5. During the currency of the said debentures there shall be raised annually by a special municipal rate on all the rateable property in the said municipality in the same manner as the ordinary general municipal taxes a sum sufficient to meet the annual instalments of principal and interest payable in each year, in respect of the said debentures.

6. This Bylaw shall take effect on the 25th day of February 1913.

7. The votes of the electors of the said municipality qualified to vote on the Bylaw shall be taken on Monday the 24th day of February 1913 commencing at ten o'clock in the forenoon and continuing until five o'clock in the afternoon, at the Council Chamber in the said Town of Wainwright by N. S. Kenny Secretary-Treasurer of the said Town, who is hereby named and appointed Returning Officer for taking the said vote.

8. The Returning Officer shall attend at the Council Chamber in the Town of Wainwright at ten o'clock in the forenoon on the 25th day of February 1913 to sum up the number of votes for and against this Bylaw.

The said indebtedness and the debenture or debentures issued in respect thereof shall be made payable at the expiration of twenty years from the date of the issue of such debenture or debentures and such debenture or debentures shall bear interest annually at the rate of five and one-half per cent, payable yearly, which is the amount of the indebtedness intended to be created by this Bylaw.

3. The said debentures shall be payable at the Merchants Bank of Canada in the Town of Wainwright in the Province of Alberta and shall have attached to them coupons for the payment of the said instalments of principal and interest which coupons shall be signed by the Mayor and Treasurer of the said Town of Wainwright.

4. Each of the said debentures shall be signed by the Mayor of the said Town of Wainwright or by some other person authorized by Bylaw to sign the same, and shall be countersigned by the Treasurer thereof, and the Clerk of the said Town of Wainwright shall attach thereto the corporate seal of the said Town of Wainwright.

5. During the currency of the said debentures there shall be raised annually by a special municipal rate on all rateable property in the said municipality in the same manner as the ordinary general municipal taxes a sum sufficient to meet the annual instalments of principal and interest payable in each year, in respect of the said debentures.

6. This Bylaw shall take effect on the 25th day of February 1913.

7. The votes of the electors of the said municipality qualified to vote on the Bylaw shall be taken on Monday, the 24th day of February, 1913, commencing at ten o'clock in the forenoon and continuing until five o'clock in the afternoon, at the Council Chamber in the said Town of Wainwright by N. S. Kenny, Secretary-Treasurer of the said Town, who is hereby named and appointed Returning Officer for taking the said votes.

8. The Returning Officer shall attend at the Council Chamber in the Town of Wainwright at ten o'clock in the forenoon on the 25th day of February, 1913, to sum up the number of votes for and against the Bylaw.

READ a first and second time and passed provisionally in Council this 21st day of January, 1913.

IF THE ONLY STORE WAS EATON'S

If the only store was Eaton's,
And some folks would wish
it so,

Every cent you had to spend
To Eaton's store would go.
When the school board wants
a teacher,
Or the churches want a
preacher,
They will find an Eaton crea-
ture

Marked down very, very low.

If the council wants a policeman
To be a credit to the town,
A Secretary-Treasurer,
Or a hockey team renowned,
They would find them by the score.

If they want to Eaton's store,
At a low and cheaper rate
Than they ever had before.

If the only store was Eaton's,
And the other stores were
down,

Twould be Eaton's, Eaton's,
Eaton's.

In every blessed town,
Farmers wives would sell their
butter

At Eaton's store without a
quitter.

Ducks and chickens, also eggs,
Would sell as cheap as
wooden pegs.

If all folks were Eatonians
And all the stores were down,
Nothing left but Eaton's shop.

The same in every town,
What a place the Peg would be
If a week we had to stop

Nothing but on Eaton's in sight
And that the Eaton shop.

If the only store was Eaton's,
All enterprises would stop.

The stores would rent for cot-
tages.

But you could not sell a lot.
The idea is not a bad one,
But I finish with these lines

That if folks were all Eatonians
We'd wish for the good old
times.

Mr. Robert Casper, of Clark
Manor, is wearing a smile these
days over the arrival of a son
and heir at his home on Thurs-
day last.

Mr. C. H. Mohr, of the Wain-
wright Milling Co., who had
business in Philadelphia, Mont.,
returned here last week.

Mr. H. J. Carbert is holding
an auction sale on February
25th, at his premises, N. E. 30-
45-6. Auctioneers, Bowerman
& Goulet will cry the sale.

A new table for Wainwright
town hall is semi-circular in
shape, which seems rather a
pity in these days when strict
economy is demanded, for the
Knights of the Semi-round
Table will certainly find it
difficult to make both ends
meet. Anyway, the curlier at
Wainwright, who complain
about unfair treatment at the
municipal rink, are probably of
the opinion that it would be
better if the council sat down to
a square deal. Edmonton Bul-
letin.

A balliff's sale will be held at
Alix on Wednesday next. The
newspaper and job printing
plant will be offered for sale.

what we may all come to!

Mr. George L. Hudson is in
Edmonton this week on busi-
ness, in the interests of the Con-
servative party. He attended
the opening of the legislature
yesterday.

It is reported about the town
that Mr. E. A. Moseley has
fallen heir to quite a sum of
money, left him by his aunt in
Wales. The amount of bequest
is said to be \$10,000.

An Object Lesson

Did it ever strike you how careful a druggist has
to be in all his operations if he is a successful aid
to your physician? His prescription scales must
be just right, his drugs must be pure, his knowledge
must be accurate and, above all, his mind must be
on his work.

If you watch a conscientious druggist—like we pride our-
selves on being—compounding a prescription, you will see
an object lesson on a serious phase of life—the fight with
illness and death. Bring your prescriptions here today.
